

BALAJI ABBU

Graduate Engineer Trainee

+91 8555829180 balajiabbu.in@gmail.com www.linkedin.com/in/abbu-balaji Hyderabad, Telangana

SUMMARY

Aspiring Electrical Engineer proficient in concepts like Electrical Machines, Power Systems, AC Machines, Cables and skilled in tools like MATLAB, Simulink, CAD, Proteus, looking for entry level position to apply my technical skills.

SKILLS

Technical Skills

Electrical Machines Power Systems Switchgear Devices

AC Machines Cable Installations Single Line Diagrams

Cable Designing

Software and Computer Skills

MATLAB E-CAD Simulink MS Power Point Presentation

MS Excel Email Writing Revit Basics BOM Preparation

PROJECTS

ML-Based Driver Drowsiness & Alcohol Detection With Engine Locking System For Road Safety

02/2026 Hyderabad, India

Description: Developed a password-protected Drowsiness & Alcohol Detector to monitor driver alcohol levels and lock the engine ignition under unsafe conditions to prevent road accidents.

3- Φ AC Transmission and Distribution System

09/2022 - 11/2022 Hyderabad, India

Description: Designed a real-time working model of AC transmission system. Demonstrated real-time power flow using complete system setup.

Automated Plant Irrigation System Using Arduino

02/2025 Hyderabad, India

Description: Developed an Automated Plant Irrigation System using soil sensor, microcontroller, and water pump to automate plant irrigation. Reduced manual watering effort by 100% through automatic control.

EXPERIENCE

Electrical Maintenance Intern

Siri Power Systems Technologies Pvt Ltd

12/2022 - 05/2023 IDA Jeedimetla, Hyderabad, India

- Gained hands-on experience with electrical tools, including multimeters, megohmmeters, clamp meters, and testers.
- Assisted in preventive maintenance of electrical systems and achieved a 15% reduction in equipment downtime.

Solar PV Installation Intern

Surya Tech Solutions Pvt Ltd

05/2025 ECIL, Hyderabad, India

- Learnt the process of rooftop solar PV system installation for a period of 15 days.
- Assisted with site survey & panel mounting. Followed safety guidelines and gained hands-on experience in solar PV installations.

EDUCATION

B. Tech in Electrical and Electronics Engineering

Narsimha Reddy Engineering College

CGPA
8.44 / 10

2023 - 2026
Maisammaguda, Hyderabad

Diploma in Electrical and Electronics Engineering

St. Peter's Engineering College

CGPA
8.59 / 10

2020 - 2023
Maisammaguda, Hyderabad

Central Board of Secondary Education - Class X

Infant Jesus International School

CGPA
7.30 / 10

2020 Shamshabad, Hyderabad

CERTIFICATIONS

MATLAB Onramp Certification

MathWorks | 2025

Simulink Onramp Certification

MathWorks | 2025

Simscape Onramp Certification

MathWorks | 2025

Circuit Simulation Onramp Certification

MathWorks | 2025

Solar PV Installer (Suryamitra)

Skill India Digital Hub | 2025

Introduction to Electrical Vehicles

Great Learning Academy | 2024

SOFT SKILLS

Communication Skills (Verbal & Written)

Adaptability

Time Management

Active Listening

Teamwork

WORKSHOPS

2-Day Workshop on Embedded Systems and PCB Design

Data Point IT & Hardware Tech Pvt Ltd

11/2024

Gained hands-on experience in designing and programming basic embedded systems using microcontrollers such as Arduino Uno and Gained Practical Knowledge on PCB designing.
